## Are you crazy
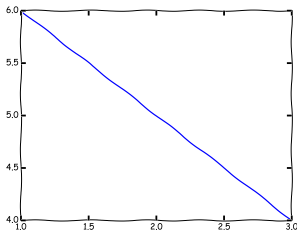

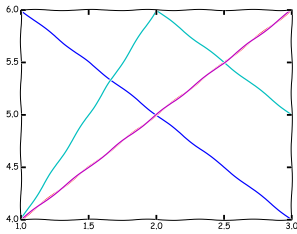

No plots at all

We can put some very boring text in here. Even some maths:

$$\alpha_T = x \times y \tag{1}$$

We can even be sneaky and include another text file since JSON doesn't allow linebreaks (from `example/anotherFile.tex`):

$$A = n \cdot m \tag{2}$$

$$B = \hat{b} \cdot \hat{c} \tag{3}$$
